**Optime Subsea AS is a global industry expert on subsea well access and subsea control systems. We focus on standardized as well as innovative products and systems developments, creating long term relations with our customers. We maintain a vertically integrated portfolio with expertise offering subsea development, design, engineering and analysis, a wide range of subsea products / systems and modular hyperbaric testing vessels, as well as unlimited workshop testing and maintenance services.**

As we continue to grow and expand, we are searching for several qualified candidates to further strengthen and develop our global team. Come join our team of extra-ordinary professionals who are committed to provide work excellence. We can offer an exciting career in an international and creative environment.

#### **Job description:**

- Responsible for developing and maintaining electronic products
- FPGA programming (signal processing, motor control, etc.)
- Low-level programming (u-boot, bootloader, drivers, etc.)
- Production support and documentation
- Certification (EMC, Safety)

#### **Skills and Experience:**

- Electronics (design, maintain, update, etc.)
- Programming: One or more of following: C/C++, Assembly, Python, Java, Bash scripting
- Signal Processing

#### **Personal skills:**

- Positive attitude and proactive behavior - takes initiative and contributes actively to team projects.
- Strong sense of responsibility. Sets goals and manages priorities; can be relied upon to deliver on what is planned.
- Ability to carry out multiple tasks or projects while being adaptable and responsive to change.
- Seeks innovation, is resourceful and solution orientated.
- Fluent English communication skills

#### **We offer:**

- A position in a highly skilled, multidiscipline and multi-cultural team with the opportunities to learn and share knowledge.
- A wide range of responsibilities in an international organization
- Competitive salary, pension and insurance agreement.
- A framework for continuous training and development
- A position in a growing market where strong initiatives really make a difference

If you want to work with an extraordinary team challenged to simplify subsea – we want to hear from you! Please send your application with updated CV, motivational letter, diplomas and relevant certificates to [job.application@optimesubsea.com](mailto:job.application@optimesubsea.com)

Optime Subsea emphasis on ensuring diversity in the company by taking into account gender, age and cultural background under recruitment.
